

Service Technician – Rigging & Lifting Equipment

Employment Type: Full Time

Location: Rutherford NSW- Newcastle Branch

Certex Lifting supplies lifting equipment, steel wire rope, height safety, and other lifting solutions, alongside connected services including testing, maintenance, assembly, and installation of lifting products for industrial applications in a wide range of industries.

The Role

As part of the Newcastle team, your role will include the inspection, assembly, installation, and testing of lifting, rigging, and height safety equipment.

The role will require reasonable overnight travel and weekend work as required to service the needs of our clients. Overtime and weekend work is paid at penalty rates.

A snapshot of the role includes:

- Assembly, inspection, testing, service, and installation of hoisting and rigging systems and height safety equipment.
- General workshop duties, including maintaining a clean workshop.
- Maintaining records in testing and ERP software.
- Provide mentorship and quality oversight to junior field staff and trainee technicians, reviewing their work to ensure proper execution of procedures and adherence to workplace standards.
- Complete job documentation, service checklists, and compliance forms to record details of inspections, faults, repairs, and client approvals.
- Carry out duties in elevated and restricted-access environments as needed, strictly complying with safety procedures and using certified access and restraint systems.

What we are looking for

- At least 2 years of experience as a rigging and lifting equipment service technician, including manufacturing, inspection, and testing of rigging systems, ideally including wire rope.
- High Risk Work Licences including Forklift, Dogging and Basic Rigging (and willing to obtain Intermediate Rigging), and Elevated Work Platform.
- A current, unrestricted driver's license.

- You can work in a physical environment, including regularly lifting (safe) loads in accordance with WHS procedures, standing for long periods, and working with impact tools.
- You are willing to undergo a pre-employment medical, including drug and alcohol screening, and additional assessment and testing if required by clients.
- You are willing to do overnight travel to client sites, including remote sites when required, and weekend work.
- You have the legal right to work in Australia on a full time, permanent basis.

Who we are looking for

- You have a positive attitude, communicate well, and can work effectively in a team to meet deadlines.
- You are comfortable in a digital environment, and able to learn new systems.
- You can demonstrate your commitment to safe work practices and following procedures and directions.
- You have good attention to detail, including good numerical literacy.
- You know how to make things happen – you are adaptable and able to find solutions.
- You are far-sighted – understanding the impact of your actions on the future and acting to prevent future issues.
- You are good to work with – considerate, professional, and courteous towards your teammates.
- You are interested in learning and growing your skills, and keen to participate in training and development.
- You are adept at learning new information, grasping new concepts quickly, and applying learned knowledge effectively.

Why this is a good opportunity

With over 125 employees spread across ten Australian sites, Certex Lifting is one of Australia's largest lifting equipment and service companies, with a far-sighted focus on sustainable growth.

We pride ourselves on being good to work with, and this translates to a friendly, open, and comfortable company culture.

We are committed to providing opportunities for development to employees to ensure they have the confidence and knowhow to provide superior customer outcomes and want to be a long-term part of the team.
