

Lifting Equipment Inspection and Service Technician

Employment Type- Full Time

Location- Bibra Lake

The Role

Working as part of the Service team in our Bibra Lake workshop and on client sites, your role will include the inspection, assembly, installation, and testing of lifting, rigging, and height safety equipment.

The work is typically Monday to Friday, but overtime and weekend work may be available once you meet required competencies and is paid at penalty rates.

A snapshot of the role includes:

- Assembly, inspection, service, and installation of hoisting and rigging systems.
- Installation of height safety equipment.
- General workshop duties, including maintaining a clean workshop.
- Maintaining records in testing and ERP software.

What we are looking for

As training will be provided, if you are enthusiastic about a new career, have excellent work ethic, and can demonstrate relevant skills and experience, we encourage you to apply, even if you aren't an experienced service technician. We are looking for the following:

- Experience working in an industrial setting, (such as construction, manufacturing, resources, or renewables).
- Able to take on a physical role, including regularly lifting and moving (safe) loads in accordance with WHS procedures, standing for long periods, and working with impact tools.
- A current, unrestricted driver's license.
- Willing to undergo a pre-employment medical, including drug and alcohol screening, and additional post-employment assessment and testing (which may be required by clients to access their sites).

- Willing to do overnight travel when required, (once suitably qualified and trained).
- The legal right to work in Australia on a full time, permanent basis.

Ideally you will also have

- Experience working with, manufacturing, inspecting, or testing rigging and lifting systems, height safety equipment or cranes.
- High-Risk Work Licences, including Forklift, Dogging and Basic Rigging, and Elevated Work Platform.
- A current first aid certificate.

Who we are looking for

- You have a positive attitude, communicate well, and can work effectively in a team to provide superior customer outcomes.
- You enjoy technical, hands-on work.
- You are comfortable working in a digital environment, and able to learn new systems.
- You can demonstrate your commitment to safe work practices and following procedures and directions.
- You have good attention to detail, including good numerical literacy.
- You know how to make things happen – you are adaptable and able to find solutions.
- You are far-sighted – understanding the impact of your actions on the future and acting to prevent issues.
- You are good to work with – considerate, professional, and courteous towards your teammates.
- You are interested in learning and growing your skills, and keen to participate in training and development.
- You are adept at learning new information, grasping new concepts quickly, and applying learned knowledge effectively.

Why this is a good opportunity

With over 125 employees spread across ten Australian sites, Certex Lifting is one of Australia's largest lifting equipment and service companies, with a far-sighted focus on sustainable growth.

We pride ourselves on being good to work with, and this translates to a friendly, open, and comfortable company culture.

We are committed to providing opportunities for development to employees to ensure they have the confidence and knowhow to provide superior customer outcomes and want to be a long-term part of the team.
